Foreman-Ashdown Mail Is Robbed Here

TWO MAIL POUCHES STOLEN ON FRISCO

Package Found by Local Woman Is First Clew Here

Labels in Broken Packages Show 2 Pouches Lost

THEFT WEEK OLD Postal Inspector Gets Crews to Raid on Mail Here

The northbound mail on the Frisco, to Foreman and Ashdown, was robbed at the local Frisco depot more than a week ago. The Star learned today. Two pouches were stolen, one of which has been recovered, slashed with a knife and much of its contents plundered.

The robbery occurred probably early Monday morning, April 7, it was learned. The first information was brought to postal officials by Mrs. Lon McLarty, of South Pine street, who found a package addressed to Foreman lying in her yard. Mrs. McLarty turned it over to W. H. Olmstead, mailman on her street, and Mr. Olmstead notified Postmaster J. A. Davis.

The Hope postoffice was reluctant to discuss the case, but it is understood that all the clews are in the hands of Postal Inspector Myers, at Texarkana.

At least two pouches were stolen, as broken packages recovered by the postoffice bore labels addressed to both Foreman and Ashdown—separate routes.

The Foreman pouch was later found near the Southern Grain & Produce store, by a boy named Ramsey. It had been ripped open with a knife.

A negro arrested last week at Prescott as a suspect in a mail robbery there, is held in jail at Texarkana, and will probably be questioned about the pouches lost at Hope.

John L. Wilson to Run for Sheriff County Judge Formally Announces His Candidacy

John L. Wilson, who is serving his fourth term as county and probate judge of Hempstead county, announced today that he would be a candidate for sheriff, subject to the primary in August.

Judge Wilson has lived practically his entire life in the county coming here from Texas when he was a small boy. The death of his parents left him unable to provide for himself and the County Court, over which he now presides, admitted him to the county poor farm.

He attended the country schools for several years and later went to Bodcaw High School. Afterward he attended Ouachita college at Arkadelphia. "I didn't stay there long enough to take the institution," the judge said, but I appreciate the training I received. It enabled me to begin teaching in the schools of the county, a vocation I followed for 20 years.

The judge retired from teaching in 1918 and made his first race for public office. He was elected county and probate clerk, serving in that office for four years. In 1922 he made the races for County Judge and was elected by a large majority. At the end of his second term a majority of the voters of the county petitioned him to run for a third term. He acceded to the demand and was re-elected by another large majority. In 1928 he won another hard fought campaign and on January 1, 1929, he entered his fourth term.

Judge Wilson issued the following statement last night outlining his plans for the campaign. It follows: "In announcing for sheriff and collector of Hempstead county I am acting both upon the solicitation of friends and because I want the privilege of serving this county in that capacity."

"I have served the people as Clerk and now as County Judge and am thankful for the honors conferred upon me. My career, as you know, has not been all smooth sailing, but I have been used to bumps and knocks practically all my life.

"I have been misrepresented in the last few months of my term as County Judge."

Goes to Trial for Alleged Shortage

Eight Jurors Selected at Noon for Van Dyke Trial

LITTLE ROCK, April 17.—(AP)—Riding to court in a child's wagon, Charles M. VanDyke, former city clerk of North Little Rock, went on trial here today on one of ten indictments charging him with embezzlement in connection with the alleged shortage of \$28,000 in his accounts.

Shortly after he was charged with embezzling the large sum of money he was struck by a train, and both of his legs were severed. The trial has been postponed several times on account of his condition.

Eight jurors had been selected to hear the trial at noon today.

This twisted mass of steel tells the story of the spectacular wreck of an oil train near El Dorado, Ark., when the engine shown above struck a string of seven oil cars. The engineer was killed and two other trainmen were seriously hurt. Three members of a switching crew standing where the locomotive turned crosswise of the track escaped death, although the impact sent an empty tank car flying over their heads.

Station to Be Dedicated Soon

New \$2,000,000 Structure Has Four Rail- roads

TEXARKANA, Ark. April 17.—(AP)—It depends where you intend to go before knowing where you stated when leaving Texarkana's new union railroad terminal.

The Jaykell-and-Hyde complex, likely to be experienced by the untold leaving Texarkana is explained in the dissection of the ticket office by the Arkansas-Texas state line. Theoretically northbound travelers begin their journey in Arkansas, while southbound travelers climb aboard in Texas. Fortunately, trains do not run east and west, saving many the embarrassment of going nowhere from no place.

The new \$2,000,000 structure, serving four railroads, will be formally dedicated May 12, when residents of four national trunk lines attend the ceremonies.

Construction of the station building was started in 1928, eight years after the union station project was launched.

The building, approximately two city blocks in length, is of white pressed brick and forms three terminal divisions.

The central portion, three stories tall, is the station proper. Left and right wings, each two stories in height, house the mail and baggage divisions. Six main tracks enter the passenger platforms—those of the Missouri Pacific, Texas and Pacific, St. Louis Southwestern and the Kansas City Southern.

The mail terminal, housed in the right wing, is said to rank among the largest mail distributing points in the United States. Here, mail for the greater portion of the southwest is handled by a force of 300 mail clerks.

Harmon to Preach at Baccalaureate

First Christian Pastor at Saenger Theatre May 25th.

The Rev. W. P. Harmon, pastor of First Christian church, will preach the baccalaureate sermon to graduates of Hope High school this year.

The baccalaureate service will be held at 11 o'clock Sunday morning, May 25, at the Publix-Saenger theater, with the feature comedy picture, "Free and Easy," on the talking screen at night. Individual table prizes will be offered during the bridge tournament, and at night there will be valuable door prizes for members of the audience attending the picture show.

Hollman's Bottling Works have donated a great quantity of Coca Cola to the hospital board for the party, and there are 62 other prizes from local business houses. In the list published by The Star yesterday the Ladies' Specialty Shop should have been shown as donating a dress, instead of hose. Gorham & Gosnell have given a man's hat as a prize, which was omitted in the proof of yesterday's story. Another correction appears in the announcement of T. E. Knight. He is giving away a \$5 pair of Rich Sport shoes, to be fitted at the George W. Robinson & Co. store.

Ouster Movement to Bring About More Efficiency

FAYETTEVILLE, April 17.—(AP)—The board of trustees of the University of Arkansas met today and voted unanimously to uphold Dean Frank Vinsonholder of the University school of medicine at Little Rock in his dismissal of three of its faculty members. Dr. Vinsonholder preferred no charges against the three instructors, but asked permission to dismiss them in an effort to obtain more efficiency in the school.

Those to be dismissed, effective July 1, are Dr. Isaac Jones, Dr. E. M. Timber, and Dr. Charles Oates. All have been instructors in the medicine school for several years. The three professors presented a written statement to the board of trustees concerning their side of the controversy, which was not to be made public.

The ouster movement against the three was prompted by Dr. Vinsonholder to consolidate certain teaching duties whereby it would bring about more efficiency in the school.

Tickets Going for Hospital Benefit

Bridge Party at Saenger Tuesday Afternoon ---Show at Night

The ticket sale for the Julia Chester hospital benefit party and show at the Publix-Saenger theatre next Tuesday, April 22, is progressing in satisfactory fashion, the hospital board reported today.

A public bridge party will occupy the theatre program during the afternoon, with the feature comedy picture, "Free and Easy," on the talking screen at night. Individual table prizes will be offered during the bridge tournament, and at night there will be valuable door prizes for members of the audience attending the picture show.

Hollman's Bottling Works have donated a great quantity of Coca Cola to the hospital board for the party, and there are 62 other prizes from local business houses. Growing Crops Are Satisfactory

Peach Crop, However, is Reported Total Loss

LITTLE ROCK, April 17.—(AP)—Although low temperatures and frosts during the last week in March did slight damage to fruit, truck and berry crops, the general condition of growing crops in Arkansas on April 1 was fairly satisfactory, according to the April report of C. S. Bouton, federal-state crop statistician.

The peach crop, however, the report said, is almost a total failure. The crop in the northern part of the state was reported to be a complete loss. Even with most favorable conditions from now until the harvest, peach production in the state will not materially influence commercial production of the nation, the report added.

Condition of the peach crop was reported at 15 per cent of normal, which is 73 per cent less than at the same time last year and 70 per cent under that for April 1, 1928.

Because of the severe winter, wheat was reported to be seriously injured. Condition of this crop on April 1, was 73 per cent of normal, or 12 per cent lower than at the same date last year and 10 per cent under the 10-year average, the report stated.

Rye also was said to have been injured to some extent. The condition on April 1 was shown to have been 78 per cent of normal, which was five per cent less than last year and seven per cent under the 10-year average.

Oats, too, suffered during the winter, and the report stated present indications were that this crop would not show a heavy yield. The condition was reported to be 77 per cent of normal or four per cent under the figures of last year. The condition this year and two years ago was the same.

The condition of the Irish potato crop on April 1 was shown to have been the same as that of last year, 78 per cent of normal. This figure is six per cent less than for April 1, 1928.

Pastures in the state were reported at 71 per cent of normal, a figure 12 per cent under that of last year and four per cent less than that reported two years ago on the same date.

STATE RESTS CASE IN TRIAL OF BATESVILLE ATHLETE

Eighty-Nine Bids Received on Road Bridge Projects

Contracts Are to Be Announced This Afternoon

\$600,000 INVOLVED

Awards Will Bring To- tal to \$3,000,000 Ex- pended This Year

LITTLE ROCK, April 17.—(AP)—Eighty-nine bids on eleven road and bridge projects, which are expected to cost approximately \$600,000 will be received by the State Highway commission today. Contracts are to be awarded and announced this afternoon at 4 o'clock.

Awards to be made will bring the total expended on highway construction since the beginning of 1929 to about \$3,000,000. The eleven projects in as many counties include 50 miles of highway construction and 1,851 lineal feet of bridge work, of the 50 miles of road work, 13 miles will be concrete pavement and 17 miles gravel surfacing. The remainder calls for grading and drainage.

The projects are in Pulaski, Prairie, Jefferson, Lincoln, White, Lonoke, Miller, Carroll, Benton, Franklin and Crawford counties.

Story of Fatal Dice Game Told

Five State Witnesses Testify in Trial at Linden

LINDEN, Tex., April 17.—(AP)—Five state's witnesses in the murder trial of Hugh Wiley, 50, for the slaying of Rubie Hoff, 40, testified Wednesday of the picnic party and dice game April 2, which culminated in Huff's death.

Tom Huff, brother of the slain man, and other witnesses told of the futile attempts to make peace between the two men after an argument started over a "point" in a dice game a short distance from the picnic party.

Witnesses, however, were unable to say who fired the shot that killed Huff. Drew Wiley, 22, son of the elder Wiley, also is under indictment for the slaying. Murder charges were dismissed against Norris Yates, employee of Wiley, who, the prosecuting attorney said, had signed a confession and offered to turn state's evidence.

Charges against Wiley's youngest son, Winston, 15, were dismissed yesterday.

Jury Convicts 2 on Robbery Count

Continuances Mark Court Proceed- ing Thursday

Hempstead circuit court moved slowly, this morning at Washington, being featured largely by continuances.

State cases against Ish Russell and Alvin Wisener were continued; and the trial of Stuart Crane was set for next Wednesday.

In court late Wednesday afternoon a jury found Sam and Rita Nelson, negroes, guilty of robbery, and sentenced them to prison, giving Sam five years, and Rita three years. Seneca Dickens, negro, charged with seduction, was acquitted.

Civil cases docketed for next Monday, opening the third week of the spring term of court, are as follows: E. G. Seymour vs. Jo Karner Lowthorp; J. W. Bragg vs. Western Union Telegraph company; and Inez Valentine vs. Ben Southward.

BATESVILLE, April 17.—(AP)—Calmly denying illicit love with the wife of Maurice Osborne, a boyhood friend, J. P. Barber took the witness stand this afternoon in his trial on a murder charge, and testified he shot Osborne in self defense in the kitchen of Osborne's home near Cord, near here, on the night of July 1.

His story was a direct contradiction to that given by Norma Osborne, widow of the slain man, who the state alleges was Barber's accomplice. He told the jury that on the night of July 1, he went to the Osborne home to meet Maurice to discuss a fishing and hunting trip that the two had planned.

"Boy Sheriff" Is Held in Slaying

Lyall T. Wright, above, 20, known as the "boy sheriff" of Juneau county Wis., before he was ousted two years ago, was arrested on first degree murder charges in connection with the slaying of District Attorney Clinton G. Price at Mauston. Wright was the youngest sheriff the state has ever had.

BATESVILLE, April 17.—(AP)—The state rested its case early today in the trial of J. P. Barber, aged 22, charged with first degree murder in connection with the slaying of Maurice Osborne, a young merchant of Cord, near here.

Mrs. W. N. Osborne, mother of the slain man, and John Lattin, farmer near here, were the only witnesses called by the state today before it rested. Several witnesses who had previously testified were re-called, however.

Mrs. Osborne, living only a short distance from her son's home, testified that she heard the first shot fired which was followed by a man and then two other shots were fired in rapid succession, and then in a few moments she saw a kerosene lamp transfer from one room to another in her son's home.

After the state rested its case the defense began preparations to try to refute the testimony stated. The most sensational testimony given was by the slain man's widow, Mrs. Norma Osborne, herself under a nine year sentence in connection with his death.

Mrs. Osborne testified that Barber killed her husband after talking it over with her, and admitted she and Barber, former star athlete of the Batesville high school, had carried on an illicit love affair.

Sunrise Services to be Held Here Sunday

A sunrise Easter service, beginning at 6 o'clock Sunday morning will be held at the First Christian church, for which an elaborate and appropriate program has been arranged by the pastor and the choir.

The service will be opened by the audience singing "Holy, Holy, Holy, our God Almighty," followed by an invocation and a prayer in which the audience will join.

The Rev. Winifred P. Harman, pastor, will then read a passage from Psalm 95:1-7, in which the audience will join in unison. Other scripture passages will be read from Matthew 28:1-20; Mark 16:7-8; Psalm 118:1-4.

Ensemble numbers include the hymn "O Worship the King," "Sweet Hour of Prayer," "Tis the Blessed Hour of Prayer," "My Faith Looks Up to Thee," and in conclusion "Lead On, O King Eternal," just previous to which there will be a solo, "Have Thine Own Way Lord."

PROCLAMATION

Know Ye All Men By These Presents: Whereas, Easter comes this Sunday, and Whereas, mankind usually dons new Spring clothing, in keeping with the changes of Nature's apparel, and Whereas, many men initiate the Summer season by wearing their new Straw Hat on Easter Sunday.

Now, therefore, be it resolved that Friday, April 18th, be observed by all its citizens of Hope who care to do so, as Straw Hat day.

Signed this 17th day of April.

I'M GLAD TO SEE YOU

Say, "I'm glad to see you," when you mean it, speak it out. Don't bite off a piece of it and leave the rest in doubt. Let your lips know what your soul is thinking most about. It doesn't take an orator to say the sentence right. It has a hundred hundred tongues which tell its meaning quite. Say, "I'm glad to see you," then, to those who still are here. Say it with that meaning which is music to the ear. More than simply say it; words are cheap, but deeds are dear. And friends will say it back to you and make their meaning clearer. —E. V. C.

Kiddies Club

Say kids you know it's a lot of fun figuring out how to arrange shows that will give you kids a good time, and we think this Saturday you will really find out how much fun you can have at one of our Kiddie club shows.

This Saturday for the girls there will be a peanut race a game of Tiddly winks and a blind race. I won't tell you how these games are played cause if you know what is going to happen it takes a lot of the fun out of it.

The boys will have a whistling game that sure is funny and an obstacle race winding up with an egg break-

ing contest.

The way I have it all figured out the whole gang should be on deck to see the big doings. Almost forgot to tell you about the songs we are going to sing, better leave that for tomorrow so I can tell you more about it. By the way Chas. Walker has a birthday and the Hope Star don't want to overlook him so one of you members make sure that you bring him along.

How We Are "Isolated"

RUTH HANNA McCORMICK'S victory in the Republican senatorial primary in Illinois is, we are assured, a body blow at the World Court; another manifestation of the American nation's determination to avoid all sorts of foreign entanglements.

This, for all we know, may be quite true. It is quite true that Mrs. McCormick made opposition to the World Court her chief campaign plank, while Senator Deneen took the opposite side. And Mrs. McCormick swamped him. Nevertheless, this "splendid isolation" of ours looks a bit sick when you examine the world as it is today in a realistic way.

To begin with, our government's delegates have just finished a three-months' conference at London, with the delegates of four foreign powers, discussing ways and means of reducing navies and avoiding the danger of war. We may be isolated, but we felt compelled to take such a step lest we eventually become involved—in spite of our isolation—in a costly war.

Then, in New York, Dr. Eckner is negotiating with American business men for the inauguration of a trans-Atlantic Zeppelin service, to tie us closer, by two days or more, to that Europe from which we are so thoroughly isolated.

Thirdly, the Business Conditions Weekly, which is published by the Alexander Hamilton Institute, commenting on the fact that England's industrial and employment situation continues to get worse, has this to say:

"The present depressed state of business in Great Britain is a factor to consider in connection with the business situation in the United States. Great Britain is exceeded only by Canada as a market for exports from the United States. Great Britain last year bought goods from the United States amounting to nearly \$850,000,000, or 16 per cent of the United States' total exports.

"A business revival in the United States depends to a certain extent on improvement in Great Britain. This helps to explain the unreasonableness of expecting a quick recovery in business as a result of efforts by the United States government to solve, domestically, a problem international in scope."

What, in the face of such facts, becomes of our "splendid isolation"?

Developing a Father

A GOOD deal has been written about the importance to any growing boy of having a father to train him in the way that he should go and see that he develops properly. Not so much has been said on an equally vital subject—the importance to a man of having a son.

For the truth is that the son's influence on the father is usually greater than the father's influence on the son. No man, however educated, talented and cultured he may be, is truly developed the way nature intended until he has had the companionship of at least one son.

Mr. Solomon Levitan, state treasurer of Wisconsin, pointed this out very neatly in a speech made recently to a Wisconsin Father and Sons' banquet.

"Sons," he declared, "are a vital factor in the development of fathers. From the moment a son rises on the horizon of a father, the father's hopes and interests are transferred from himself to his son, freeing him from self-centered ambitions and giving him the joy of planning for another's good."

"A man with a son better understands the problems of other men with sons and he is more sympathetic and understanding in his endeavors to solve these problems."

It is just as important for the father as for the son, says Mr. Levitan, that the two develop as pals.

"The son," he says, "should have the benefit of his father's wisdom gained from the experience of living, but the father needs even more to gain a sympathetic understanding of his boy's needs. It keeps him from growing old and renews the enthusiasm of living."

There is sound sense in all of this. We owe our sons more than we dream. Haven't you ever seen some man, ordinarily brusque, thoughtless and somewhat self-centered, softened up and become pleasant, kindly and thoughtful simply because his son, all unconsciously, has taken him in hand? Of course you have. It happens every day.

The man who hasn't had a son—or who, having one, has failed to be a real father to him—has missed something priceless.

JOHN L. WILSON TO RUN FOR SHERIFF

(Continued from page one)

ty Judge and have had no way to combat this misrepresentation except through my friends and by word of mouth. When the time for public canvass of the county comes next summer I will give the people all the information I have about these misstatements of facts and deliberate misrepresentations. Had my advice been followed by the Quorum Court in the last few years, our county would now have money instead of depleted funds.

"I am proud of the record I made as Judge and my race for sheriff and collector will be run on my own record as a public servant.

"The report of the State Auditorial Board, which examined our books last fall, is one of the best recommendations that could be given any public officer.

"Coming, as I did, in the face of the criticism I have received in the last two years, it is especially gratifying to me. This strengthens anyone to know he has done his best and has been square with the people in the face of organized opposition.

"The remainder of my term as County Judge will be spent in doing the best I can for the rural roads, especially the consolidated school bus routes. It must be remembered that we will receive at least \$10,000.00 less this year than we did last year for road and for bridge work, but we'll do the best we can on what we have.

"If I am elected Sheriff I will do my best to conduct the duties of the

office in an honest, fair and impartial manner. I intend, if elected, to carry the same tactics into the sheriff and collector's office that I have followed in the office of Clerk and Judge. I will do my best to stay within the law and see that all are treated fairly and as nearly alike as is humanly possible.

"I will appreciate the support of every citizen who feels that I will make a capable, efficient officer."

Rachus: "You say anything to me, big boy, an' I'll make you eat yo' words."

Mose: "Chicken dumplings, hot biscuits an' watermelon!"

Trainer Serves Four Champs in Two Years

ATLANTA, April 17.—(P)—Trainer John J. "Red" Hynes, who has won four championships in the past two years, is a habit with Mickey O'Brien, new rubber-down with the Atlanta Crackers of the Southern association.

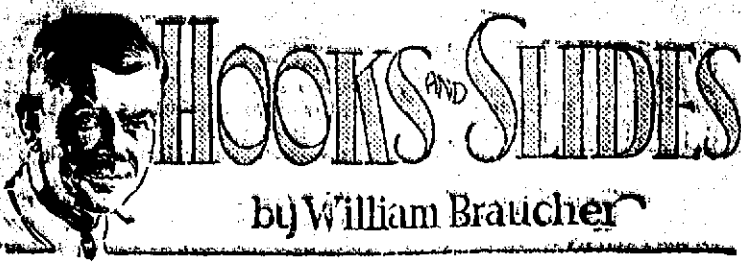

Hynes has trained four champions in the past two years. O'Brien was Manager Johnny Dobbs' right-hand man in keeping the Birmingham Barons in shape to win Southern league titles in 1928 and 1929. Both years he jumped to Chattanooga right after the baseball season ended and trained Chattanooga University. McCasins, who won the Southern Intercollegiate Athletic association football championship two

"I challenge any American swimmer, either man or woman to an endurance swim in open sea or indoors without floating or resting in any way for the world's championship," she announced.

Mack Isn't Loafing, Either

CONNIE MACK is standing pat on his world championship ball team, but that doesn't mean that he isn't looking around with a view to improvements and replacements.

He has two infield rookies this year that look like big league ball players. One of them is Eric McNair, 20, a shortstop; the other is Dribell Williams, 19-year-old second baseman. Under Mack's mentorship, these two young men, especially McNair, have a grand chance to become stars.

Connie Mack knows that he has a good ball team, but it is not a great team in the sense of the word as used to describe the club he led in 1912. Foxx, at first, is a great ball player, and Jimmy Dykes at third is the equal of any third baseman in the league. But my opinion of Boley and Bishop as just a couple of ball players is shared by many others.

DID YOU KNOW THAT—

ERIC McNair got his start in baseball thanks to J. C. Moss, a cotton miller at Meridian, Miss. Moss laid out a field in the rear of his home and invited the town boys to play on it. Moss coached them. Eric, who is on Connie Mack's roster this year, started playing "shortstop" on that diamond 12 years ago. When he was eight years old, Mickey Cochran says the Reds are the most improved ball team that he has seen in Florida. "They looked terrible last year," says the Mink. "But they are going higher this season for sure." Mickey says Dan Howley is "one of the smartest young managers" in the majors. Of course he would have to say "young managers" the world knows who THE smartest manager is.

Ready to Step in

HERE are two fellows who can step into the breach any time Boley or Bishop slumps. And they may not only do as well as the veterans, but even promise to better the performance of the regulars.

McNair comes from Meridian in the Cotton States League, where he started in 1923. He was sold to Memphis and optioned to Knoxville, where he surprised all the folks by batting .391 to lead the Salsy League. He fields and runs the bases well, and what is more important, has the fire of ambition to make good.

"This league is tough going," he told me when the team was training in Fort Myers, "but I am going to stick or bust both legs." A couple of days after I talked with him, he got three of the team's eight hits against Cincinnati pitchers, breaking up the game with a slashing two-bagger. In that game, at least, it didn't look as though he'd have to fracture either leg.

Big Man From Arkansas

WILLIAMS is a big boy, with a pair of shoulders built for tripling. Last year at Little Rock he had his first year of professional baseball. He made 19 three-base hits for Little Rock. He fields well, and though he weighs 175, gets around on the paths in a lively way.

Dib comes from a speck on the map of Arkansas, the little town of Greenbrier, where they can get along pretty well without a drug store, but have to have a ball team. He can put two ounces more of tobacco into his cheek than Art Shires. His father, Dr. E. T. Williams, has been a baseball fan all his life and coached Dib and his brother, Royce, who is a member of the Memphis club. Dib's father is a friend of Robert Allen, president of the Little Rock team.

Connie has taken a liking to both McNair and Williams. If you see these two names in the box scores this summer, do not be surprised.

Fourth Annual Tri-State Prep Meet To Be Held Saturday at Shreveport

SHREVEPORT, La., April 17.—The cream of the high school track talent of the Tri-State area of Texas, Arkansas, Louisiana and teams of the three states that come outside of this area will meet in the fourth running of the Tri-State track and field meet at C. E. Byrd high school Saturday and it looks like a bad afternoon for some of the existing records of this meet.

The mark of 100.7 feet in the discus, that was made by Brewer of Winnfield in '29 is a low mark and should be bettered by at least three of the boys who will compete this week. Rowe of El Dorado has been bettering this mark in practice. Stephenson of Tyler has bettered it in meets this year and last year.

Sherrell, of Athens, vaulted 10.8 last year to set a new record in the pole vault and this mark should be not stand on account of the good vaulters that are entered. In the other field events most of the marks are fairly good and it will be doubtful whether over two or three of these are lowered. Probably the best record of the field events is in the high jump which is held by Bangano of DeRidder which was made in '29 when this south Louisiana boy jumped 5.11.

Lester Strahan, of Summerfield, has a monopoly on the records of the Centenary meet. This speed merchant holds the record in the 50 yard dash of 5.2 which equals the interscholastic record. Strahan's record in the time of 10 flat in the century is a mark that he has left for someone to beat. Both of these records were made in '27, the first year of the meet. In the 200 yard dash Strahan's mark in this event is 23.3 which is considered poor time and this 220 yard dash record is liable to be lowered this spring.

Joe Randol, of Bibbsland, made the good time of 4.47.6 in the mile and the time since then in this event has not approached the time of Randol. Thompson set a new mark in the half-mile run last spring when he stepped this event in 2:04.5. Randol had previously held this record.

In the hurdle events the 130 yard high has the best record of 6.3 which was made by Berry of Natchitoches, La., in '28. The 200 yard low hurdles has fairly poor time considering the class of boys that have been entered.

Miss Elsie McGlone of York, Eng., had Cyril Goodwin, a too ardent suitor, barred from coming within a mile of her home.

Jewels worth \$30,000 which she had sewed in the lining of her coat were lost by Mrs. Geo. Nichols of New York City, she reported to police.

Two young men arrested in London for fighting gave their names as George Winter and Albert Summer.

Grimes Hope to Be Help to Giants

Has No Bitterness for Pirates; Reaching Condition Slow

NEW YORK, April 17.—(P)—Burleigh Grimes, one of the last of the spitball masters, has a new hobby to add to his great loves—thoroughbred horses and the winning of baseball games. He wants to help Bill Makchne build the Boston Braves into a pennant contender in the National league.

While rain pattered on the sidewalks outside, Grimes stood in a hotel lobby, puffing a big cigar, improving his acquaintance of his new Brave mates, and bemoaning the fact that he isn't ready yet to get out here and fatten his pitching average in these "soft" spring games where batting eyes are none too brilliant.

Grimes, an inveterate wanderer on the face of the baseball earth, has no regrets at the surprise trade that waded him suddenly from the top-most hurling berth on the pennant contending Pirates to the tail-end Braves. Already he has pitched for Brooklyn, New York and the Pirates for different periods during 14 major league campaigns. Now if he can find a nice place to exercise his fine saddle horses in Boston he'll be perfectly content.

"I'm getting in shape slowly," he said. "I'll be ready to take my turn in about two weeks. My arm feels great, so good that I'm tempted to take chances that aren't worth while. When your arm feels bad you're liable to overdo it. Rebuilding the Braves is a three-year job and I want to be at my best to help the most. I've been around a long time and can help our young pitchers a lot. But I sure would like to get in a few of those soft spring games. Once it gets hot every team in the league, contenders or not, gets plenty tough."

Neither the sudden shift from the top-notch Pirates to the bottom-notch Braves, nor the lengthy salary controversy with Barney Dreyfuss that led to the trade has left any star.

touch of bitterness on Grimes. "My worst wish for Dreyfuss and the Pirates is that they go out and win that pennant," he said. "I hope Percy Jones, the pitcher they got for me, wins 25 games. In fact, I wish there were eight pennants in each league so we could all win one. I'd like to see them win every game—that is, every one except those I pitch against them."

Selph Plays Well for Houston Team

Carey Selph, who again is playing second base for Houston in the Texas League, has gotten off to a pretty good start this season. He has hit safely in every game and in the contest against Waco, Monday, got three hits out of four times at bat. Carey also is fielding well. Selph probably would be in the National League if his knee had not given him so much trouble. This injured member bothered him lots during the training season this spring. Selph is a formerly Arkadelphia boy and Olmehita Tiger.

secretary, Bernadine Lamont, an auburn-haired night club hostess, who has gained notoriety along Broadway.

These are the four chief characters in "The Husband Hunter," a thrilling drama of love and hate, jealousy and devotion, heartache and happiness, which starts Friday in The Hope Star.

Each evening, when Alan Converse went home, it was with misgiving. For his wife's jealousy made his life miserable. The only happy hours he knew were those spent at the office.

Thus fate played into the hands of Phillipa West. She wanted a husband and set out upon a campaign to win Converse from his wife.

Converse's friendship for Bernadine Lamont and a thrilling stock exchange episode also figure in the plot. "The Husband Hunter" is a masterpiece of newspaper fiction. Be sure to read this new story, starting Friday.

um slush ponds of Southern Kansas for a week, hoping to find relief from "Jake paralysis," a malady believed caused by drinking Jamaica ginger, health authorities here today said the pilgrimages were futile.

Dr. R. E. Hobbs, city physician, declared the slush pond waders had not been aided. Any relief they may have

reported feeling has proved imaginary, he said.

"It would be impossible for the sulphur compounds in the fluid to get through the skin," Dr. Hobbs declared. "Jake paralysis" is clearly a nervous ailment and the victims must rest and wait for the nerves to become built up.

SHERWIN-WILLIAMS PAINT HEADQUARTERS

Why it costs less to paint your house with SWP

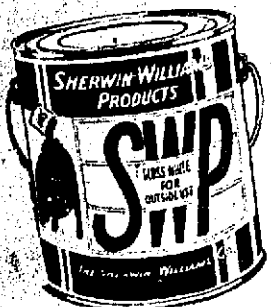

You can paint your house with SWP—the world's best house paint—at a lower cost than with cheaper paint. The reason for this is obvious when you know the facts. SWP is made of the finest materials. The quality is there. We know. We've tested all kinds of paint. Its wonderful body will thoroughly cover almost twice as much surface per gallon as cheaper paint will.

Specify SWP because it costs 50% to 60% less per job than cheaper paint—because it gives best protection—because it saves repainting bills by lasting twice as long—and because it produces the most beautiful, lasting color effects. Paint now with SWP and save.
